

Vicki Marlett for ABWA President

Dear ABWA Friends,

We have exciting news! Proudly sponsored by The Charisma Charter Chapter of ABWA, our current National Vice-President, Vicki Marlett, is an approved candidate for 2008–2009 ABWA National President.

Its time to tell the world about ABWA! For the last sixteen years Vicki has been sharing what ABWA can do with the world. As our 2006-2007 District II Vice President and current National Vice President she has traveled to groups all over the United States sharing her own special brand of leadership and mentoring. Now more than ever, it's time to tell ABWA members about the changes our association is experiencing and why. Who better to help us facilitate these changes than Vicki Marlett? Vicki's leadership style creates an optimistic environment that motivates a team to stretch beyond self-imposed boundaries. A style that fosters cohesion, creativity and unity... What better qualities do you want your National President to possess than these?

She has sixteen years of unyielding ABWA experience and is an excellent speaker with a passion for our Association that comes across in everything she does. Her organizational and communicative skills will help us through the changes and her natural leadership abilities will make the transitions easier. Her platform continues to be...

SHARING with new generations

SHARING the spirit, experience and history with all generations

PARTNERING with members and National to enhance technology

MOTIVATING and REVITALIZING chapters and networks to grow

Vicki shares her full-on ABWA experience and it is her vision to help ABWA members nationwide see what she sees. With her fun-loving nature and genuine passion for our Association you can why she has recruited 106 members (and counting).

Don't miss the 2008 National Women's Leadership Conference! We promise you it will be the ultimate ABWA experience. You'll spend hours networking with ABWA members from all across the country.
