

Dearest Friends,

The common thread among ABWA members is our tremendous passion for the association. We're united in our desire and dedication to ensure that ABWA continues to enrich the lives of women everywhere. For nearly six decades, the ABWA tapestry has been colored by truly phenomenal women, just like you.

Being a part of your National Board did more than fulfill a dream for me. Visiting with you, getting to know you and learning from you has been an incredible life experience. It really is the "ABWA Experience" we are selling, not just a membership to add to someone's resume.

You and I, well ... we're the Senior Account Executives of ABWA. **We** are the truest benefit and value of ABWA. **We** create the experience. I've seen you in action. I've watched you sell it over and over. You sold me in 1992 and I'm still buying (15) years later.

It's Time to tell the World About ABWA. Walk with me as we invite the new era in to our amazing association. Together we'll keep ABWA timeless and everlasting.

In ABWA Friendship,

Vic Marlett

2007-2008 National Vice President

Vote with conviction
